

Not to be confused with Durango–La Plata County Airport.

General Guadalupe Victoria International Airport (Spanish: Aeropuerto Internacional

General Guadalupe Victoria, IATA: DGO, ICAO: MMDO), also known as Durango

International Airport, is located northeast of Durango, Durango, Mexico. It is named after Guadalupe Victoria, the first President of Mexico.

In 2008 the terminal building of Durango Airport was expanded and completely remodeled.

Among the renovations of the terminal building, the construction of a national and international waiting room overlooking the Apron, the extension of the main terminal building, the establishment of two baggage claim carousels; National and international. In 2009 the apron was expanded and runway 03/21 was fully resurfaced as were the taxiways, this with the purpose of increasing its operating capacity.

In 2019, the airport handled 527,004 passengers, and in 2020 it handled 271,231 passengers.[1]
