History[edit]

The airport opened in March 1988 as a replacement for the former Okayama Airport located on the waterfront in Minami-ku, Okayama. Its runway, originally 2,000 m in length, was extended to 2,500 m in 1993 and to 3,000 m in 2001.^[3]

Transportation[edit]

Bus service to the airport from Okayama Station is provided by Okaden Bus and Chūtetsu Bus. Bus service to Kurashiki Station is provided by Chūtetsu Bus and Shimoden Bus.^[4] Bus times are coordinated with the flight times. Although the scheduled times are relatively close to the departure and arrivals times of flights, this is because the airport is small and it takes relatively little time to proceed through the airport.
