See also: Lists of hospitals

This is a list of hospitals for each country in Africa.

Contents

Sovereign states[edit]

In 2018, Nigeria had the largest number of hospitals in sub-Saharan Africa, with 879. Other countries in this region with large numbers of hospitals include Democratic Republic of Congo (435), Kenya (399) and South Africa (337).[1]

The following list shows links to Lists of healthcare and hospital articles where they exist in Wikipedia and categories for hospitals in sovereign states in Africa. The numbers in parentheses are the numbers of current articles in the category for hospitals in each state.

Hospitals in sovereign states of Africa
